PROFILE

Aspiring software development engineer adept in problem-solving and analytics, dedicated to collaborative teamwork. Demonstrates attention to detail, results-driven approach, strong work ethic, and openness to learning new technologies.

EDUCATION

Bachelor of Engineering(Electrical and Electronics Engineering)   8.16/10
BMS College Of Engineering, Bengaluru

PROFESSIONAL EXPERIENCE

WEB DEVELOPMENT INTERN | TSF   Jan 2024 - Feb 2024
- Created a dynamic finance **web app** for secure money transfers and customer **data** management.
- Engineered an intuitive **UI** design in Figma, refining user flow and visual elements Deployed the design seamlessly and utilized **Git** for version control throughout the **development cycle** and to a user-friendly system for seamless money transfers between **customers**.
- Acquired practical expertise in **HTML**, **CSS**, and **JavaScript,** utilizing these skills effectively.

INTERN | BLOCKATENA   Nov 2022 - April 2023
- Designed and implemented a comprehensive **UI/UX** for the **'Games to Web3'** project, leading to a notable **25%** improvement in email engagement rates through branded **email designs**.
- Acted as the main **client contact**, **addressing queries and resolving issues**, while playing a pivotal role in creating compelling **pitch decks** that successfully secured **funding** from investors.
- Led a thriving **250+** member **WEB-3** community on Discord and Twitter (now X), driving an impressive **80- 85%** increase in **brand visibility** through effective **market research** and **social media** management.

SKILLS

Programming languages and Core skills -
C++, SQL (4 Star HackerRank), HTML, CSS, JavaScript, Python, Solidity(Basic), Object-Oriented Programming (OOP), Database Management Systems (DBMS), and Operating Systems (OS)

Software tools -
Github, Figma, Canva, MySQL Workbench, Excel, PowerPoint, MS Office, and data visualization tools.

Courses
Introduction to Web Development -IBM (Coursera), Foundations of Project Management -Google(Coursera), Web3 and Blockchain Fundamentals - Insead (Coursera)

PROJECTS

Split 3 | HTML, CSS, Solidity | GitHub 🔗
- Designed and developed an eye-catching landing page for a **Web 3** service project using **HTML and CSS**.
- Created interactive and visually appealing pages and enhanced **user experience**, ensured adherence to coding standards and Implemented efficient smart contracts with Solidity for enhanced reliability.
- Acquired knowledge about **smart contracts** and their interaction with protocols like **multi-sig wallets**, addressing security concerns related to digital assets.

Library Management System | C++ | SQL | Github 🔗
- Efficient library management system using **SQL** and **C++**. Manage library collection, facilitate user interactions, and generate data-driven insights thus improving user experience, data-driven decisions, and adaptability.

Client Website | HTML, CSS | Website Link 🔗
- Designed a landing page for a college faculty member, showcasing their works and achievements while maintaining **SEO**-friendly content using HTML and CSS, **TailwindCss**.
- The page facilitates connections between like-minded individuals interested in collaborating with other faculty members.

ACHIEVEMENTS

- **First place** in **CIIE Cohort - 2** in BMSCE and won a total of **50,000** as prize money, September 2022.
- **Semifinalist** at **National-level hackathon Centurion** at **MSRIT**, November 2022, out of 400 entries. Selected as one of the **top 3** teams for the sponsored track by **NFThing**.
- Semifinalist at **NMIT Hacks**, a **48-hour hackathon** held in 2023, conducted by the CSE department of **NITTE** Meenakshi Institute of Technology.
- Successfully delivered **15+** design projects, including a 3-month freelance collaboration with **TDP**.
- **State-level Table Tennis Player**, Represented **Uttara Kannada** District at Bidar Sports Meet, 2016-2017.
- **Semifinalist** at **District-level** Panchayat **Yuva Krida Aur Khel Abhiyan**, Karwar, **Volleyball**, 2016-2017.
